

MEMORANDUM

Date : February 5, 2009

To : Commissioners  
Parties to Energy Efficiency Proceeding (R.06-04-010)

From : Julie Fitch   
Director, Energy Division

Subject: Energy Efficiency 2006-2007 Verification Report

Attached to this memo is Energy Division's final Verification Report for the utilities' 2006-2007 energy efficiency programs. Energy Division released the draft of this report for parties' comments on November 18, 2008, pursuant to Commission directives in Decisions 07-09-043 and 08-01-042. The Verification Report was intended to be the basis of the utilities' interim incentive earnings under the risk/reward incentive mechanism (RRIM) adopted in the said decisions. Energy Division revised the report in response to comments received at the workshop on December 5, 2008 and in writing, and corrected errors that have been identified. This final report was scheduled to be released on January 15, 2009, via a Commission resolution, as required by Decision 08-12-059, and Energy Division was granted a three-week extension to issue the report.

On January 29, 2009, the Commission opened a new rulemaking (R.09-01-019) to evaluate modifications to the RRIM. The Commission suspended the requirement to issue the Energy Division Verification Report via resolution for use as a basis of earnings claims for 2006-2007, pending resolution of those issues in the rulemaking. The Commission stated that the Verification Report may be issued for other informational or program planning purposes. Thus, pursuant to R.09-01-019, Energy Division is issuing the final 2006-2007 Verification Report. The final report and all its appendices will be posted at [http://www.cpuc.ca.gov/PUC/energy/Energy+Efficiency/EM+and+V/081117\\_Verification+Report.htm](http://www.cpuc.ca.gov/PUC/energy/Energy+Efficiency/EM+and+V/081117_Verification+Report.htm).
